

Directions to NEW Mercy Volunteer Office from the main hospital entrance:

- When standing in the back of the main lobby facing the statue of Jesus with his arms up, turn to the left.
- Follow the hall towards the escalators. Do not get on the escalators.
- Continue down the hall to the left of the escalators next to the South Elevators.
- Follow this hallway past blood donor services and the courtyard down to the North Elevators.
- At the North Elevators turn LEFT.
- Follow this hallway down to the doors of the chapel.
- At the doors of the chapel turn RIGHT and follow the sign that says Convent Building.
- This hallway zig-zags a bit but follow it all the way around (it is long and goes on for a little bit but keep going) until you get to a small lobby area where on the left is an exit to the Emergency Department parking lot and to the right are elevators. This is the lobby of the Convent Building.
- Do not turn, keep going straight and you will see a door that says Mercy Kids and to the right a name plate that says Volunteer Services. This is our new office!
